

ENVIRONMENTAL POLICY

IMG S.r.l. considers respect for the environment an integral part of its business. For this reason, in compliance with ISO 14001.2015, it is committed to the optimization of environmental management in its facilities, services, use of its assets and towards the local and global community of which it is part. IMG s.r.l. with a view to continuous improvement, is particularly committed to:

- protect the environment and promote its protection, identifying the environmental aspects on which its activities, whether research or support, may have an impact;
- employ all necessary means to ensure compliance with applicable environmental legislation and to match any good reference practices;
- achieve a high standard of institutional responsibility for environmental management;

IMG srl, in order to achieve these objectives, proposes to :

- reduce as much as possible negative impacts on the environment to protect human health and the environment itself;
- optimise the production of waste, also promoting recycling and recovery activities;
- improve the efficiency of the use of natural resources (e.g. energy, water, paper);
- pay particular attention to the management of hazardous substances that IMG s.r.l. purchases, uses and produces;
- decrease its contribution to pollution (e.g. air and water);
- develop awareness of the environmental implications related to logistics and mobility;
- define operating methods that take into account the environmental aspects of each work activity;
- continue to raise awareness and educate staff;
- selecting suppliers, also through environmental awareness, and promoting the adoption of rules of conduct that respect the environment to all business partners;

- measure and continuously improve environmental performance in all its activities, maintaining maximum transparency and attention to stakeholders;
- constantly update the Environmental Management System.

The environmental policy is available to all stakeholders on the website
